# Fontainavie New Generation Cellufight - *Information Guide* for FM World USA Business Partners

Cellufight from the Fontainavie NEW GENERATION series is a revolutionary dietary supplement designed to combat cellulite and enhance overall skin health. Composed entirely of natural ingredients, this powerful formulation harnesses the benefits of seven plant extracts, including the potent antioxidants proanthocyanidins. These extracts work synergistically to reduce the appearance of orange peel skin, improve digestion, and minimise swelling. Cellufight not only targets cellulite but also supports skin firmness, elasticity, and a youthful complexion. Embrace a natural solution for smoother, firmer skin with Cellufight, and say goodbye to cellulite for good.

---

## Ingredients and Their Descriptions

### **Turmeric Root Extract:**

Supports body cleansing and maintains proper fat metabolism, reducing cellulite signs and increasing satiety.

### **Centella Asiatica Extract:**

Helps maintain firm and elastic skin and proper fat tissue structure.

### **Coleus Forskohlii Extract:**

Contains forskolin, which supports weight management and visibly reduces orange peel skin by influencing fat metabolism.

### **Horse Chestnut Seed Extract:**

Prevents and reduces swelling, strengthens blood vessel walls and restores their elasticity, improves tissue blood flow, has anti-clotting and anti-inflammatory effects, and aids toxin removal from subcutaneous tissue, minimizing cellulite visibility.

### **Pineapple Fruit Extract:**

Supports the elimination of metabolic fluids, drainage, and circulation, firms the skin, reduces swelling and inflammation, and speeds up protein digestion.

### **Dandelion Herb Extract:**

Has diuretic properties, enhancing toxin removal that contributes to cellulite formation; rebuilds the skin, increasing its elasticity.

### **Grape Seed Extract including OPC:**

With polyphenols and antioxidants, it shows anti-inflammatory, antibacterial, antihistamine, and antioxidant effects. OPS is possibly the strongest antioxidants in the world, they participate in destroying free radicals, delaying aging, stimulate skin microcirculation, improve complexion, reduce capillary visibility and skin discolouration, accelerate tissue regeneration and wound healing, regulate sebum secretion, protect hyaluronic acid in the skin, and prevent UV damage.

## **Benefits**

- **Reduction of Cellulite:** Contains powerful plant extracts that reduce the visibility of orange peel skin and prevent its formation.
- **Minimised Swelling:** Ingredients like Horse Chestnut Seed Extract and Pineapple Fruit Extract help reduce swelling and improve blood flow.
- **Skin Firming and Elasticity:** Centella Asiatica Extract and Pineapple Fruit Extract support firm, elastic skin.
- **Improved Fat Metabolism:** Turmeric Root Extract and Coleus Forskohlii Extract enhance fat metabolism, contributing to weight management and reducing cellulite signs.
- **Toxin Removal:** Dandelion Herb Extract and Horse Chestnut Seed Extract aid in toxin removal from subcutaneous tissue, minimising cellulite visibility.
- **Anti-inflammatory and Antioxidant Effects:** Grape Seed Extract and OPC (Proanthocyanidins) provide strong antioxidant properties, reducing inflammation and protecting the skin from damage.
- **Improved Skin Appearance:** OPC (Proanthocyanidins) stimulate skin microcirculation, improve complexion, reduce capillary visibility and skin discolouration, and protect against UV damage.
- **Tissue Regeneration and Healing:** Accelerates tissue regeneration and wound healing, helping maintain healthy skin.
- **Regulated Sebum Secretion:** OPC (Proanthocyanidins) help regulate sebum secretion, preventing oily skin issues.

## **Best for**

- **Individuals with Cellulite Concerns:** Those looking to reduce the visibility of cellulite and prevent its formation.
- **Those Experiencing Swelling:** Anyone dealing with swelling and looking for natural ways to minimise it.
- **Weight Management:** Individuals focused on weight management and enhancing fat metabolism.

- **People with Poor Circulation:** Individuals seeking to improve blood flow and reduce capillary visibility.

## Contraindications

Not recommended for use by pregnant or breastfeeding women or individuals under 18 years of age. Avoid use if sensitive to any of the ingredients.

Take 2 tablets daily with a glass of water and a meal. Do not exceed the recommended daily dose. The packaging contains 60 tablets.

## Prospecting Questions for Potential Customers

### 1. Have you noticed any issues with cellulite or orange peel skin and are looking for a natural solution?

Purpose: This question aims to identify customers who are specifically concerned about cellulite. By highlighting the natural ingredients and the product's targeted action against cellulite, it connects the product's benefits directly to the customer's needs.

### 2. Are you interested in dietary supplements that not only address skin concerns but also support overall health, such as digestion and circulation?

Purpose: This question broadens the conversation to include additional health benefits beyond cellulite reduction. It appeals to health-conscious customers looking for multi-functional supplements, increasing the product's perceived value.

### 3. Do you prefer supplements that are composed entirely of natural ingredients?

Purpose: By asking this, you tap into the customer's preference for natural products. It emphasizes that Cellufight is composed of natural plant extracts, which can be a significant selling point for many consumers.

### 4. Have you tried other anti-cellulite products before, and how did they work for you?

Purpose: This question helps gauge the customer's past experiences and dissatisfaction with other products. It allows you to position Cellufight as a superior alternative by discussing its unique formulation and multiple benefits.

### 5. Are you looking for a product that not only improves skin firmness and elasticity but also provides strong antioxidant protection?

Purpose: This question highlights the dual benefits of skin improvement and antioxidant protection provided by Cellufight. It targets customers interested in comprehensive skin care and overall skin health, leveraging the strong antioxidant properties of the product.

# FAQ ANSWERED about Cellufight

## 1. How long does it take to see results with Cellufight?

The timeframe for visible results can vary depending on individual factors such as diet, exercise, and overall health. However, many users report seeing noticeable improvements in skin texture and reduction in cellulite within 4 to 8 weeks of consistent use.

## 2. Can I take Cellufight alongside other supplements or medications?

While Cellufight is made from natural ingredients, it's always best to consult with a healthcare professional before combining it with other supplements or medications. Certain ingredients, like turmeric, may interact with blood-thinning medications, and high antioxidant levels can affect the efficacy of certain treatments. To check the compatibility of Cellufight with your current Nutricoce or Fontainavie supplements, please click the link below.

Supplement Compatibility: <https://www.USA.fmworld.com/supplement-compatibility-271/>

## 3. Are there any side effects associated with Cellufight?

Cellufight is generally well-tolerated due to its natural composition. However, some individuals may experience mild digestive upset or allergic reactions, particularly if they are sensitive to any of the plant extracts. Ingredients like dandelion may have diuretic effects, so increased urination might occur. It is important to stay well-hydrated while taking Cellufight to compensate for the diuretic effects of dandelion, ensuring your body maintains adequate fluid levels. If you experience any adverse effects, discontinue use and consult a healthcare professional.

## 4. Can men use Cellufight, or is it designed only for women?

Cellufight can be used by both men and women. The product is formulated to target cellulite and improve skin health, which can be beneficial for anyone experiencing these issues, regardless of gender. The plant extracts and antioxidants work to support overall skin firmness and reduce swelling, making it a versatile supplement.

## 5. How does Cellufight support digestion and reduce swelling?

Cellufight contains ingredients like Pineapple Fruit Extract and Dandelion Herb Extract that have been shown to support digestive health and reduce swelling. Pineapple contains bromelain, an enzyme that aids protein digestion and has anti-inflammatory properties. Dandelion is a natural diuretic that helps flush out excess fluids and toxins, reducing bloating and swelling. These benefits contribute to a reduction in the appearance of cellulite by improving overall skin health and circulation.

# Comparison of the Old Version of Fontainavie Cellufight and the New Generation Fontainavie Cellufight.

Active Ingredient	Old Version (Daily Dose: 1 Tablet)	New Version (Daily Dose: 2 Tablets)
Curcuma longa (turmeric) root extract	50 mg (curcuminoids: 9 mg)	50 mg (2 tablets)
Coleus forskohlii herb extract	25 mg (forskolin: 1 mg)	25 mg (2 tablets)
Horse chestnut fruit extract	25 mg (aescin: 2.5 mg)	25 mg (2 tablets)
Centella asiatica herb extract	15 mg (terpenoids: 6.75 mg)	15 mg (2 tablets)
Yellow sweet clover extract	10 mg (coumarin: 2 mg)	Not included
Pineapple fruit extract	Not included	50 mg (2 tablets)
Common dandelion herb extract	Not included	50 mg (2 tablets)
Common grapevine seed extract	Not included	52.6 mg (OPC 50 mg) 2 tablets)

## Dosage and Tablet Count

Aspect	Old Version	New Version
Tablet Count	120 tablets	60 tablets
Daily Dose	1 tablet in the morning before breakfast	2 tablets a day with a meal

## Summary of Key Differences in Active Ingredients:

### 1. New Ingredients in New Version:

- Pineapple fruit extract
- Common dandelion herb extract
- Common grapevine seed extract

### 2. Removed Ingredient in New Version:

- Yellow sweet clover extract

### 3. Tablet Count and Dosage Changes:

- Old Version: 120 tablets, daily dose of 1 tablet in the morning before breakfast.
- New Version: 60 tablets, daily dose of 2 tablets a day with a meal.

# Benefits of the change explained

## Inclusion of New Potent Ingredients:

- **Pineapple Fruit Extract:** Known for its anti-inflammatory properties and digestive benefits, helping to reduce inflammation and improve digestion.
- **Common Dandelion Herb Extract:** Provides detoxifying effects and supports liver health, enhancing the body's natural detoxification processes.
- **Common Grapevine Seed Extract (Standardized to 95% OPC):** Rich in oligomeric proanthocyanidins (OPCs), which are powerful antioxidants that protect cells from oxidative stress and promote overall skin health.

## Standardisation of Extracts:

- Grapevine Seed Extract, Standardized to 95% OPC ensures consistent and potent antioxidant protection, enhancing the supplement's efficacy in combating free radicals and supporting skin health.

## Improved Synergy of Ingredients:

- The new formulation combines a wider range of extracts, potentially offering a more holistic approach to managing cellulite and supporting overall skin health through various mechanisms such as anti-inflammatory, antioxidant, and detoxifying effects.

## Enhanced Efficacy and Health Benefits:

- Broader Health Support with the addition of ingredients like pineapple and dandelion, the new version not only targets cellulite but also supports overall digestive health, liver function, and cellular protection, providing a broader spectrum of health benefits.

## Removed Ingredients

- **Yellow Sweet Clover Extract:** While yellow sweet clover is known for its coumarin content, which has anticoagulant properties, its removal could be beneficial for users who are concerned about blood thinning or are taking anticoagulant medications. This change might make the supplement safer and more suitable for a broader audience.
